

# FIRING DURING COVID-19

- Davens will accept in-store and curbside drop off Monday, Wednesday, Friday between 11am - 4pm.
- Payment information will be asked for at the time of drop off.
- A form to fill out is below and **must be filled out and submitted with your work**.
- For curbside drop off, please call the store when you are in the parking lot and give us your name and payment information (770-451-2105). A Davens employee will roll out a cart to accept your work. Have your form already filled out and placed with your work.
- Your name and firing temperature must be written on every box you submit.
- Do not mix firing temperatures in the same box.
- We will not accept loose pieces for firing.
- Work is fired on a first come, first serve basis. Davens will not accept kiln reservations.
- You will be called and your card charged when the work is ready to be picked up.

**Full kiln rental fees:** Small Kiln (21" wide x 16" deep) = \$40 Fee  
Medium Kiln (21" wide x 25" deep) = \$60 Fee  
Large Kiln (26" wide x 25" deep) = \$80

**Single shelf rental fee:** 1 shelf (21" round surface area - up to 8" height) = \$20 fee

**Stilting Fee:** \$20

**Slow Fire Fee:** \$20

- 1) Clay must be purchased from Davens. Customers must know the clay's firing temperature (cone#), the type of glaze you are using/what temperature (cone#) it matures at, and make sure it is a good fit for the clay.
- 2) No foreign materials such as newspaper or wood will be allowed. High temp wire is ok
- 3) Let us know if a piece needs to be stilted. Any stilts damaged by running glazes will be purchased by the customer
- 4) If the piece is not stilted make sure the bottom is clean. You are responsible for the cost of any damaged shelves if your glaze runs and sticks to the shelf (\$25 for a half shelf - \$50 for a full shelf)
- 5) Davens will only fire up to cone 6. We only fire oxidation in an electric kiln.
- 6) Pieces must be completely dry before firing. Do not bring them here to dry. We are not responsible for any cracking.
- 7) Davens fires at a medium speed – any requests for a slow fire will incur a \$20 fee
- 8) Davens does not rent half shelf spaces – a customer can only rent a full shelf space. Feel free to combine with a friend to fill the shelf and split the cost but both orders must be submitted at the same time.
- 9) Davens reserves the right to reject Once-Fires going up to cone 6. If we decide to allow the firing the bottoms must be completely clean – we will NOT stilt cone 6 greenware and you must rent the whole kiln – single shelf rentals are not an option
- 10) Pieces over 8" tall count as two full shelves, pieces over 16" tall count as three shelves of space.
